

Dear FCC,
I am very disgusted by Sinclair Broadcasting
Groups' plan to air the biased anti Kerry movie 2
weeks before the election, preemption regular
programming on 62 channels. This is just wrong.

Sinclair is obligated by law to serve the public
interest. But when such a large company controls
the air, we get whatever partisan propaganda they
feel like feeding us. Not good for free elections and
our democracy!

Sinclair's actions demonstrate what happens when
media ownership rules are too weak. The license
renewal process needs to involve more than a
returned postcard. Thank you.
